PROJECTS

Regexcellence | Software Engineer 2016

Regexcellence.co

A community-based platform for learning, practicing, and writing Regex

- Implemented mongoDB with mongoose on Nodejs/Express server
- Crafted reactive interface with React, Redux, Sass, and D3-based libraries
- Maintained focused, test-driven development using Mocha and Enzyme
- Designed dynamic data-based graphics for an engaging user experience

soZaic | Product Owner, Software Engineer 2016

A social media aggregator for compiling and displaying user content

- Collected data from four RESTful APIs, Facebook, Twitter, Instagram, and Youtube, to create a unique combination of social media feeds
- Authored authentication for social media logins with Passport
- Developed & styled UI/UX with AngularJS, CSS, and Bootstrap

Mood Board | Full Stack Developer 2016

Moodboard.herokuapp.com

A web app built in 48 hours allowing users to curate photo galleries for aesthetic & design inspiration

- Accessed tumblr API to search and display photos tagged with user input
- Built server with Nodejs/Express to handle RESTful API calls
- Crafted a unique UX with AngularJS & CSS

EXPERIENCE

Venison Magazine | Co-Founder 2014-2016

www.venisonmagazine.com

- Collaborated with a small group of creatives to build a web publication showcasing contemporary art from the ground up
- Researched, interviewed, and published articles on active artists from across the country

Freelance Artist/ Oil Painter 2009-2016

- Designed and created oil paintings for commissions and personal projects
- Showcased work in group and solo projects

Whole Foods Market 2007-2016

Associate Team Leader

- Acted as second-in-command for multiple teams
- Dynamically solved problems as they arrived in areas such as scheduling, hiring, inventory management, & sales
- Mentored team members & coached four into promotions
- Mediated and resolved conflict for team members

EDUCATION

Hack Reactor Advanced Software Engineering Immersive 2016

Southwestern University of Visual Arts Fine Arts, oil painting 2007-2010

PERSONAL

I love doing yoga, especially arm balances & being upside down. If you need any tips on sticking your handstand, I'm your girl.
